

## The Elefish

The Elefish was an animal of Atlantis. He looked like a fish with an elephant's face. His ears were bigger than his head. His fin was the biggest of all the animals of Atlantis. The Elefish lived in the sea and could swim. He was a friendly animal. The favourite food of the animal was shells from the ground of the sea. Elefish had a length of three meters and some were even longer. He was one of the most beautiful and the friendliest animal of Atlantis because he had many colours. When he was angry his colours became grey and smoke came out of his ears but that did not happen so often. Everyone in Atlantis liked the Elefish very much because he was a very nice animal.
